EXPERIENCE

UI/UX Design Volunteer — CICADA & CYPHER Hackathons *2023 – 2024*

- Designed UI/UX for official hackathon event websites, producing user-friendly layouts and visually engaging interfaces that improved attendee experience.
- Collaborated with organizing teams to translate event branding into cohesive digital experiences using responsive design best practices.

PROJECTS

Mobile Application for booking babysitter— kieki (UI Design)

- Role-Based Experience: Separate interfaces for Parents and Babysitters with personalized registration, profile management, booking, and scheduling features.
- Simple & Child-Friendly UI: Soft pastel colors, playful illustrations, intuitive navigation, and clean layouts create a warm, easy-to-use experience.
- Complete Childcare Solution: Supports the full journey with babysitter search, booking, payments, live tracking, chat, activity updates, SOS, and reviews.

Platform for Designers and Clients—DesignHive (UI Design)

- Discover & Hire Designers: Users can browse verified designers, filter by skills and experience, explore portfolios, compare profiles, and hire freelancers or agencies for design projects.
- Portfolio & Project Management: Designers can create professional portfolios, showcase their work, manage projects, receive client inquiries, track proposals, and monitor earnings through a personalized dashboard.
- Collaboration & Growth Platform: The website provides job listings, UI kit and resource sharing, secure communication, reviews and ratings, analytics, and account management, creating a complete platform for designers and clients to connect and collaborate.

Graphic Designing

- Designed 5 Instagram posts (Fashion Brand , Food/Cafe , Product , Porsche car-2)
